## Kentucky at the World's Fair.

The famous studs, herds and flocks of the Blue Grass State will be most creditably represented at the Universal Exposition at St. Louis.

Governor David R. Francis, the President of the World's Fair, was born in Kentucky and has a great pride in the people, live stock, civilization and industries of his native State.

The best specimens of every breed for which Kentucky is so justly famous will doubtless be exhibited at the Universal Exposition.

Mr. J. B. Bowles, of Bardonia, Ky., the Commissioner in charge of the Kentucky live stock exhibit at the World's Fair, is making an active and successful canvass for exhibits and no one interested in the exhibit at St. Louis from the Blue Grass State will be disappointed in the extent or quality of his display.

The following letter will soon be sent by Mr. Bowles to prospective exhibitors in the State.

"To the Live Stock Breeders of Kentucky:

The undersigned having been selected as the member of the Kentucky Commission to take charge of the State Live Stock Exhibits at the Louisiana Purchase Exposition of 1904, desires to aid and encourage the stockmen of the state to prepare and present a show of pure-bred live stock which shall creditably represent the famous live stock interests of this resourceful state.

A marked interest is manifest among breeders of Kentucky to make the exhibit in the Live Stock Department of the World's Fair this fall in keeping with the commanding excellence of the live stock for which the Blue Grass State has so long been noted.

The Kentucky Commission has adopted a resolution limiting the classification of live stock which may participate in the duplication of premiums to the amount of \$7,500 appropriated by the Commission to horses, mules, lack stock, cattle, sheep, Angora goats and hogs. The resolution further provides that these duplicate premiums are to be confined to stock owned in Kentucky at the time of entry, and that to participate in the distribution of this \$7,500 appropriation duplicate entries of horses, mules and lack stock must be sent prior to August 1, and entries of cattle, sheep, goats and hogs prior to August 21, 1904, to the undersigned.

You will confer a favor upon the Kentucky State Commission to the World's Fair by sending the undersigned the names of any prospective exhibitors.

The cash prizes offered for the exhibits of live stock at the World's Fair are liberal in the extreme, the classification is complete, and the honors incident to securing the awards will be of the greatest value to the successful competitors.

The State of Kentucky will be greatly benefited by a large showing from its very superior flocks and herds at this Universal Exposition.

Yours very truly,

(Signed) J. B. Bowles, Commissioner in charge of Live Stock.

Kentucky Chautauqua.

In a few days the annual Chautauqua feast will be opened at beautiful Woodland Park, Lexington. Everything is now being put in readiness. The trees were never greener; the shade never more grateful. Soon the white tents in great numbers will be pitched about the beautiful grounds. The great auditorium will be decorated, and everything will be in readiness for the opening of the season.

Multitudes of earnest people look forward with great anticipation for the coming of the Chautauqua. It means so much to the social and intellectual life of the State. For 18 years they have been listening with interest to the great lecturers of the American platform, and have enjoyed the rare music and rich entertainments which have been provided. The expense of these entertainments to those who purchase season tickets is trivial in the extreme—bringing such entertainments as ordinarily cost from 50 cents to \$1 to those who have season tickets at about 10 cents.

Now that the Chautauqua no longer owns its own grounds, and is thrown upon its own resources, the lovers of the enterprise should manifest their interest in it by purchasing this year a season ticket. More than a thousand such tickets should be sold to the good people before the gates are thrown open and the Chautauqua commences.

The rich program justifies the expectation that this will be one of the best seasons of the Assembly.

The days from June 28th to July 8th will be filled with rare pleasure and enjoyment. In this crucial year, when the outcome will decide the future, as far as the Kentucky Chautauqua is concerned, the people of Kentucky should give the enterprise their heartiest co-operation.

Splendid work for the children has also been provided, with Women's Conferences of interest under the control of the Woman's Council, and Biblical work under that prince of leaders, Dr. M. M. Parkhurst.

For programs, tents, tickets, and all information, apply to Mr. Claude Buckley, Transylvania Printing Co., Lexington, Ky.

## A Noted Kentucky Boy.

The following was taken from The West Australian of Jan. 4th, 1904, regarding George Smith, a Kentucky violinist, and his friends here will be gratified at his success. It goes on to say: "George Smith, an American violinist, appeared at the Theater Royal last evening with his company to a packed house. Mr. Smith is one of the greatest virtuosos of the age; his tone is simply marvelous, while his bowing either in popular or classical music is incomparable. The effect he produced cannot be described in words; he must be heard for one to have the slightest conception of its power and beauty. It is entrancing, and entrancing. These gifted artists will be here a short season only."

It will be remembered that the late Joseph Jones, Circuit Clerk of Bourbon county, was instrumental in having this boy educated at the College of Music, Cincinnati, O. Mr. Smith left for London, England, last Sunday night to tour Europe. He is the first violinist to play in Europe from the United States.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c, at Oberdorfer's Drug Store.

The Old Man Did Right.

Acting Gov. Thorne, Friday afternoon, commuted the life sentence imposed in the Jefferson Criminal Court in May, 1903, on Erasmus Moody, colored, for murder, so that it will expire on 15 next.

In granting the communication the Acting Executive says there are good and sufficient reasons for believing that the sentence imposed was unduly severe for the crime committed, but this is not the only reason which he gives for his action. The indorsement written on the papers in the case follows in full:

"This boy's mother and father are family servants, and to-day, living with my daughter; they are the black mammy and daddy of my grandchildren. Nothing they can do for their comfort seems too much trouble. I have seen their consistency to my daughter and her family in sickness and in health, and their affectionate attentions, and know this prisoner is their only child. I have tried hard to resist the inclination I feel to restore this wayward boy to his mother without success. To refuse would be the grossest ingratitude; so with the approval of my own conscience and as a reward to his parents for their fidelity to my first born and her five children in sickness and in health. I commute his sentence. If I have done wrong I pray the forgiveness of Him to Whom we all must at least look for forgiveness."

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is sold under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.
